## THE DSP3300 AT A GLANCE

DSP active advantage – self-contained audio system with no amplification equipment needed.

On-board DSP provides thermal and dynamic bass protection – enables high level use for prolonged periods of time.

Partners perfectly in a surround sound system with a pair of DSP loudspeakers to deliver wide, full range dispersion.

Features Meridian's unique Enhanced Bass Alignment (EBA) technology - bass, mid and treble all reach you at the same time, in perfect alignment.

Centre elevation adjustment technology for an incredibly lifelike listening experience.

Multiple installation applications in home and commercial environments enabled by Meridian's unique Design and Specification Service.
